

Back To Life

Automatic Loveletter

I'm standing in the rain
I'm cold and I'm afraid
If I can't find you
Then you'll never know
Leave a candle at my door
And an empty space beside my bed
Like a motion picture
This love will never end

I hang up at 4 AM
Just when I drive ahead

Tonight we're alive for the very first time
Tonight we arrive because there's no where to hide
Don't give up on me now (baby don't close your eyes)
I won't let you down
When we come back to life

Twinkle of the stars
The pictures live forever on the dashboard
My guts are knots
My bones are rot
Am I here alone?
I'm taking out the breaks that you give
See that I won't stop
Until you have gotten through to me

You hang up
On the run
Could it be that you're coming home?

Tonight we're alive for the very first time
Tonight we arrive because there's no where to hide
Don't give up on me now (baby don't close your eyes)
I won't let you down
When we come back to life

I can't sing what I write
I can't sleep until I've made this drive alone
Who answer your door?
Tell me please, how this story's gonna end
Or begin

Tonight we're alive for the very first time
Tonight we arrive because there's no where to hide
Don't give up on me now (baby don't close your eyes)
I won't let you down
When we come back to life

Tonight we're alive for the very first time
Tonight we arrive because there's no where to hide
Don't give up on me now
I won't let you down
When we come back to life
