

# Don't Make It So

## Automatic Loveletter

I'm crying without tears  
I blew for you  
and shootin all the stars down  
Cheating for a wish  
It grows darker in my heart  
This western sun is sinking  
Like the choking in my throat

I'll be missing you  
Will you miss me too?  
Turning black and blue  
Don't wanna go  
Don't wanna go  
Don't make it so

Theres a burning in the hour  
Growing on forever  
When I look at you  
I find something thats new  
All I want is you  
Cross my heart and hope for it  
I swear I won't forget you

I'll be missing you  
Will you miss me too?  
Turning black and blue  
Don't wanna go  
Don't wanna go

I believe in you  
And I believe in me too  
So deep is this bruise  
Don't wanna go  
Don't wanna go  
Don't make it so

We'll be alright  
Cause the further we get  
Is the fonder we grow  
We both trust, right?  
We'll be alright  
Cause this distance is further tonight

I'll be missing you  
Will you miss me too?  
Turning black and blue  
Don't wanna go  
Don't wanna go  
Don't make it so [x2]

I believe in you  
And I believe in me too  
So deep is this bruise  
Don't wanna go  
Don't wanna go  
Don't make it so

I'll be missing you  
Will you miss me too?  
Turning black and blue  
Don't make it so  
Don't make it so  
Don't make it so
