

Goodnight Neverland

Automatic Loveletter

Look around
The only thing that I see are the cracks
Openin' up around me
I'm checkin' underneath my bed before I go to sleep
You used know what I wanted to say
Now my words, they only get in the way
You threw the water on the fire deep inside of me
And now it's gonna be

So goodnight neverland
Do you know where we were gonna be with
Such a brilliant plan
Such a fool I didn't see
You never meant the words you said
Didn't understand
So goodnight neverland
Goodnight neverland

Walk around
But I can't feel my feet
I look outside
But the sun-bleached streets
Are blinding me today
Lost my head
So hold on death
This is how we end

So goodnight neverland
Do you know where we were gonna be with
Such a brilliant plan
Such a fool I didn't see
You never meant the words you said
Didn't understand
So goodnight neverland
Goodnight neverland

Rollercoaster ride
We were only meant to fly in dreams
Try to get that high
We were only kids with broken wings

Goodnight neverland
Do you know where we were gonna be with
Such a brilliant plan
Such a fool I didn't see
You never meant the words you said
Didn't understand
So goodnight neverland
Goodnight neverland
