Goodnight Neverland

Automatic Loveletter

Look around The only thing that I see are the cracks Openin' up around me I'm checkin' underneath my bed before I go to sleep You used know what I wanted to say Now my words, they only get in the way You threw the water on the fire deep inside of me And now it's gonna be So goodnight neverland Do you know where we were gonna be with Such a brilliant plan Such a fool I didn't see You never meant the words you said Didn't understand So goodnight neverland Goodnight neverland Walk around But I can't feel my feet I look outside But the sun-bleached streets Are blinding me today Lost my head So hold on death This is how we end So goodnight neverland Do you know where we were gonna be with Such a brilliant plan Such a fool I didn't see You never meant the words you said Didn't understand So goodnight neverland Goodnight neverland Rollercoaster ride We were only meant to fly in dreams Try to get that high We were only kids with broken wings Goodnight neverland Do you know where we were gonna be with Such a brilliant plan Such a fool I didn't see You never meant the words you said

Didn't understand So goodnight neverland Goodnight neverland
