

Shut Your Mouth

Automatic Loveletter

You got me all bent out of shape
With all your hurry up and wait
And I don't know what to believe
When you say it's just me
That's what you say

I should cry but you were thinking weak
So close your eyes ill say this once
Just shut your mouth
Just tear me out
Cause you keep talking till I don't know what you're talking about
Just let me speak there's another side of me
Don't shut me out, and don't turn me out
Oh, oh ohhhh

This conversations incomplete
And I already see my own defeat
And i'm not trying to say i'm right and you are wrong
You are wrong, and that's not right
You blur my eyes while your emotions bleed
Listen here's my sympathy

Just shut your mouth
Just tear me out
Cause you keep talking till I don't know what you're talking about
Just let me speak, there's another side of me
Don't shut me out
And don't shut me out

So when you hit the bottom and you look up at the sky
And the last thing you remember is asking why
Why
Just shut your mouth
Just shut your mouth

Just shut your mouth
Just tear me out
You keep talking till I don't know what you're talking about
Just let me speak
There's another si- side of me
Just shut your mouth
Cause you keep talking till I don't know what you're talking about
Just let me speak
There's another si- side of me
Ohhhhhhhh
Just shut your mouth
Cause you keep talking till I don't know what you're talking about
Just let me speak
There's another side of me
