

I Know You're Waiting

Autopilot Off

I was waiting
Watching every single move
On the wire I cling to

And I feel it
Like a cold and empty room
There was nothing left to lose

I know, I know you're waiting
I'll see you again if it's the last thing I can do
I know, I know it's all that's true

I was wasted
Without everything I knew
I was lost without a clue

I know, I know you're waiting
I'll see you again if it's the last thing I can do
I know, I know it's all that's true

And I wandered so blind
That it brought me back to you
And I screamed at the sky
And it turned from black to blue

I know, I know you're waiting
I'll see you again if it's the last thing I can do
I know, I know it's all that's true
That's true
That's true
That's true
That's true
That's true
That's true
That's true
That's true
That's true

Now I'm weightless
Staring out across the view
Over mountains I can't move
