

Missing the Innocence

Autopilot Off

I wish I wasn't waiting.
This place gets smaller everyday.
We all have characters and we know the parts we play.
We're actors and actresses,
that's all. Please take me away.
I just want to start over.
There are things I'd like to change.

I miss the innocence,
when the doors all stood wide open.
The sun's gone down on better days.

If I let you know, nothing can last forever.
I never thought everything would change.
If I let it go, nothing can last forever.
I never thought everything would change.
Well, maybe I did. Just not today.

I never thought that things would change.
I miss the innocence.
