

## Burnt to a Fuck

### Autopsy

Your burning face  
A charcoal cinder  
Lump of putrid sizzling flesh  
Dripping features deforming fast  
Scream 'til your mouth fuses shut  
To barbeque I sentence you  
As payment in my private way  
Slow and cruel, I start to drool  
For moments you'll regret this day

I'll burn you bastard to a fuck  
Transform your face to shapeless muck  
Agony extreme blood runs  
Lips become one with your tongue  
Eyes almost burst from your head  
Not soon enough you will be dead  
Frothing bloodily from the mouth  
I'll burn you bastard to a fuck

The sweet sweet smell of your burning hell  
Inspires the fires that desecrate and melt  
I torch your soul, I fuck your mind  
You'll be a horror 'til the end of time
