

They Watch With Closed Eyes

Autumn Tears

Timeless... ageless... ethereal beauty
Bestow thy dark enchantment
Blissful death
So begins the autumn dance

I awaken thee

With my kiss
Shall they forever
Be one with me
Dream of me, my children
As I embrace thy sorrow
And take unto myself
Thy kiss

I awaken thee

Would they hold me as I wept?
Would they dry my endless tears?
Would they kiss me as I died?
Would they love me as I am?
