

# The Living End

Ava Inferi

Hold, hold my hand  
Give me shelter tonight  
Call, call my name  
Save me from this dark call  
As angels we fly  
Now take my hand  
Come take my hand  
Let's leave this land

We die - As I feel desire  
Inside - Seeking love beside her  
Each moment - All seems lost  
Of life - I'm dead to this world  
Deny - As I feed desire  
The signs - Bringing love inside her  
Of hope - All seems lost  
We're dead to this world

Come, stay with me  
Hold me closer, I'm yours  
Fall, fall with me  
Through cobwebs of love

The tears in your eyes  
Revealing your deepest despair  
The deep caves of your mind  
No one will find

We die - As I feel desire  
Inside - Seeking love beside her  
Each moment - All seems lost  
Of life - I'm dead to this world  
Deny - As I feed desire  
The signs - Bringing love inside her  
Of hope - All seems lost  
We're dead to this world
