Been looking from outside
I've been watching
But i don't know what to say
Changed the old backdrop
Same face
But not who it used to be

Trying to get our not out getting
Thinking, you're everything you said
You wouldn't be
Time out, i see right through
You're running around again
I'm around
And still confused in an instant
Can't quite relate
And i don't know what to say

All of the bonds i see
That i'm not part of
It's not how it used to be

Trying to get our not out getting Thinking, you're everything you said You wouldn't be Time out, i see right through You're running around again I'm around And i've been cracking on the inside It gets worse each day And i don't know what to say Keeping my distance But still i see It's not how it used to be Bushing.. Bushing the time in a daze Wondering, wondering how it got this way Bushing.. Bushing the time in a daze Wondering, wondering how it got this way

Time out, i've gotta ask it Am i on my own?

Truth, truth, truth...
Numbed by feelings..
