

Love Love Love

Avalanche City

Girl I say if only life would lean our way
Well you and me, we'd run away to be wherever our
adventure waits
And time would be a distant memory, nobody could tell
us to stay
Well I've been dreaming ever since I've seen you,
heaven when you came my way

I heard your heart saying love love love
I heard your heart saying love love love
I heard your heart saying love love love
I heard your heart saying love love love

Oh it seems awfully hard for us to find at all
And all these tears will wash away and we'll be clean,
though we'll have nothing more
Well I can say there'll come another day where money
and our time affords
On our hands our wrinkles understand we never really
wanted more.

I heard your heart saying love love love
I heard your heart saying love love love
I heard your heart saying love love love
I heard your heart saying love love love

And all the life about to go is in my mind
Cause all the loudest voices in the world are never
right.

I heard your heart saying love love love
I heard your heart saying love love love
I heard your heart saying love love love
I heard your heart saying love love love
Woooaaaaaah love love love
Woooaaaaaah love love love
Woooaaaaaah love love love
Woooaaaaaah love love love
