

By Heart, By Soul

Avalon

If You were a road
I'd learn every turn 'til I
Could find my way with my eyes closed
If You were a song
I'd sing along 'til I
Knew every word and every note

But You were everything to me
A mystery
You're the love I live to see

By heart, by soul
That's how I want to know You
Keep You as close as
Breath is to life
Wanna watch Your love unfold
By heart, by heart, by soul

If You were a place
I'd stay my whole life 'til I
Had every corner memorized
And if You were a star
I'd follow You home, You would be
The Light that is my only guide

You were everything to me
My A to Z
You were everything to me
It would be forever eternity

By heart, by soul
That's how I want to know You
Keep You as close as
Breath is to life
Wanna watch Your love unfold
By heart, by heart, by soul

I wanna know You inside and out
Better than I even know myself

By heart, by soul
 (By heart, by soul)
That's how I want to know you
Keep you as close as
 (Keep you as close as)
Breath is to life
 (Breath is to life)
I wanna watch Your love unfold
By heart

By heart, by soul
 (By heart, by soul)
That's how I want to know you
Keep you as close as
 (Keep you as close as)
Breath is to life
I wanna watch Your love unfold

By heart, by soul

If You were a star

I'd follow You home

By heart, by soul, oh yeah
