Attention

Avant

Yeah, attention, attention
It's your boy big Snoop Dogg
Nephew, holla

Like a flame in the dark girl you light up the room
No matter what's going on around me I'm only into you
You're lips never moved but I swear I heard you speak
Girl you had me in the zone what the hell you do to me, oh

I never been in a position like this
Got me thinkin' damn
How you shaking them hips, oh
Let me stop, get my *** together 'cause tonight she'll get

Attention, I tried to get that
No champagne tonight will do, seems right
Attention from here to the bedroom
All night long, girl I'm focused on you

Know it's getting late, baby girl I'm on my way
I know you're down for whatever so I won't procrastinate
If you're ready to go, baby let me take control
'Cause everything about your body is 'bout to make me explode

I ain't never been in a position like this
Got me thinkin' damn
How you shaking them hips, oh
Let me stop, get my *** together 'cause tonight she'll get

Attention, I tried to get that
No champagne tonight will do, seems right
Attention from here to the bedroom
All night long, girl I'm focused on you

Attention, I tried to get that
No champagne tonight will do, seems right
Attention from here to the bedroom
All night long, girl I'm focused on you

Conversations on the phone, rubbin' on the bone
Huggin' me, kissin' me, lovin' me at home
If lovin' you was right then I don't wanna a be wrong
I guess me and you can get it on

I met you on a set, set you on a jet
Jet set complected, partially corrected
Recently elected, verbally respected

Two scoops of ice cream
Baby girl, licked it, liked it, loved it
Placed no one above it, push come to shove it
Rubba dub dub, D O double Jeezy, make your head dizzy
Baby girl get busy with me

Mandy XO, Candy Sexlaw, do it all night
Plus weed and I like so
Rub your back slow, you rub my neck slow

Tonight's the night, yeah you know how that go

Attention, I tried to get that
No champagne tonight will do, seems right
Attention from here to the bedroom
All night long, girl I'm focused on you
Attention
