

Don't Know How

Avant

I wish that I could love you
But I don't know how to love you
There's no one here to blame
So you can charge it to the game
But I really wanna love you... ooh

But I don't know how to love you

I was trying to be the different one
That will give you the kind of love that a woman wants
It so unusual for me to feel this way

Cause I like to play the field
Baby this is what it is
I'm caught up
A, maybe one day it will change
Only if you choose to stay
But now all I can say

I wish that I could love you
But I don't know how to love you
There's no one here to blame
So you can charge it to the game
But I really wanna love you... ooh

But I don't know how to love you

Girl I know you been hurt many times before
And relationships are built from love and war
You can act as if it doesn't exist babe
But it does... ooh

Now we're standing face to face
Girl I'm in a different place
Is it worth it... ooh no
I don't wanna let you go
But there's something you should know
How can I get this through to you

I wish that I could love you
But I don't know how to love you
There's no one here to blame
So you can charge it to the game
But I really wanna love you... ooh

But I don't know how to love you

I'm not the faithful type of guy I can't help it
I want your cake and some of her's I'm so selfish girl
I know you sick of all the games and my bullsh**
I understand how you feel... ooh

I wish that I could love you
But I don't know how to love you
There's no one here to blame
So you can charge it to the game
But I really wanna love you... ooh

But I don't know how to love you
Ooooh... I really wanna love you baby yeah
