Avant

Roses, sun shines  
Spring showers reminds me of you  
Strawberry ice-cream  
My dream when I think of you  
Love you like a ocean breeze  
I'ma take you high, spread your wings  
Let's fly away, fly away  
Ever since you laid your eyes on me  
I see you with everything that's beautiful, beautiful

Gratitude  
Gratitude from me to you aha  
So surreal  
Ah how you make me feel  
Let me express my gratitude

Jasmine blowin' in the wind  
The smell of you ah ha ah ha  
Heartbeat, increase  
When we meet it feels untrue  
Let's take a trip out to sea  
Where air is pure and life is free  
Let's sail away, sail away  
Ever since you laid your eyes on me  
I see you with everything that's beautiful, (Baby that's)  
Beautiful

Gratitude (Oh baby)  
Gratitude from me to you  
It is so surreal (So)  
Ah how you make me feel (Me feel)  
Let me express my gratitude

Girl I never want this to end  
Gratitude I feel within  
So sexy, sophisticated  
And to me you're so amazing  
We can travel the seven seas  
Or we can blow like a summer breeze  
I'll do all these things for you  
To show my gratitude yea

Gratitude  
Gratitude from me to you yea yea  
So surreal (So)  
Ah how you make me feel (You make me fee)  
Let me express my gratitude
