## Like You

Girl we just met but I'm hoping You see I'm the type of guy that ain't on it But you got (You got) me goin' (Me goin') Dangling on your string

Had many other women before you But see, none of them could do the things you do No question you're heaven-sent to me You're all I need 'cause

Ain't nobody for me like you Ain't nobody for me that do what you do Ain't nobody for me, girl it's special The way you make me feel babe

Don't nobody know me like you Don't nobody know me the way you do Can't nobody love me Searching all around the world to find my girl

I want you to trust and believe that 'Cause eventually girl you will see that We're more (We're more) than just (Than just) A sexy little fling

So many things I respect about you 'Cause you give me no reason to doubt you I'm blown (I'm blown) away (Away) This is where I wanna be

You're all I need girl

Ain't nobody for me like you Ain't nobody for me that do what you do Ain't nobody for me, girl it's special The way you make me feel babe

Don't nobody know me like you Don't nobody know me the way you do Can't nobody love me Searching all around the world to find my girl

Girl we just met Hey, it's hard to believe that it happened to me I'm feelin like love can last It's like I'm gone up in a world of make believe I know we both felt it Can't help how I feel about you And we make this pass 'Cause when you're in my arms I can never want another

Ain't nobody for me like you Ain't nobody for me that do what you do Ain't nobody for me, girl it's so special The way you make me feel babe

Don't nobody know me like you

## Avant

Don't nobody know me the way you do Can't nobody love me Searching all around the world to find my girl

Ain't nobody for me like you Ain't nobody for me that do what you do Ain't nobody for me, girl it's special The way you make me feel babe

Don't nobody know me like you Don't nobody know me the way you do Can't nobody love me Searching all around the world to find my girl
