

# Twisted Mind

Avantasia

One of a kind they say they've never seen before  
Investigate the aberration, disorder in the core  
I never tried to hide away or tried to keep your pace  
You walk me to the slaughter with a smile upon your face

From the cradle to the madhouse, twisted mind  
There's no way out of this hell for twisted mind  
There's no way out  
There's no way out

You've come to see the healer, so don't you be afraid  
They call me tranquilizer, I'm here to isolate  
We paint in black and white and you're the dirty in between  
Monstrosity of nature, a virulent disease

From the cradle to the madhouse, twisted mind  
There's no way out of this hell for twisted mind  
There's no way out  
There's no way out

Can't you see, can't you see  
That you are not like anyone?  
You'll never see through anyone else's eyes  
And who am I to certify the sanity of a twisted mind  
A victim of perception, a twisted mind

Missprizing – chastising  
Subhuman – fragmentizing  
Sensation – aberration  
Repulsive – tantalizing

From the cradle to the madhouse, twisted mind  
There's no way out of this hell for twisted mind (2x)

There's no way out x5  
There's no way out
