

Blinded In Chains

Avenged Sevenfold

And we're at it again, I turn around another fucking war, man
I don't know where to begin, but I'll start with the radical leaders
Their steps we're followin'

Running, don't go back and fight, too many you'll lose
(And as clowns you follow suit behind the blood between the red
and white and blue but it's too deep for you to see and
everyone eventually will take the step cause it's in sight you
take the left I'll take the right I fell the hate you've built
for me and I say pay attention baby)

As they thank the Lord the blind can't see
Like a plague fed to the brain, deadly disease

But it wasn't a sin, a sorry life in judging every action
And as they're feeding your mind with this shit you forgot
How to speak how to ask all the questions

The business at hand tonight, make the people choose
(I see another side in you but there's not much more I can do
from on the outside looking in your government is listenin' to
push you on the story of immortal father mortal son give them
our mind and all your wealth the cycle will rebirth itself)

If they had it their way I'd burn in Hell and your future's a
fuckin' disaster can't you see
Don't give them all the power when your future's in desperate
trouble baby

As they thank the Lord the blind can't see
Like a plague fed to the brain, deadly disease
I'd run away tonight with my mind still intact you gotta make
it alright
Easier said than done with no place to hide and having no place
to (run)
Running away from condition, I see you but you're running away
from
Your scared seductive system

Most would claim I live a lie when pointing out it's easy to
predict these things
Every color has its side, they live together vote and most won't
read between these lines
Please help us, please save us of course they have control we're
all the same
Up on the cross, crucified their problem drove the nail and let
Him rot

Family and friends, it won't matter in the end I'm sure they'll
understand
Now look at the world and see how the humans bleed
As I sit up here and wonder "bout how you sold your mind, body
and soul
Looking at the fields so green I know this sounds obscene
I see you're living for tomorrow but decisions you have made wi
ll leave you empty

You've fallen asleep in denial
Look at the way we're dyin'
How it ends I'll never know
Just live your life blind like me
