

# Brompton Cocktail

Avenged Sevenfold

Out of time...

Doc, I'm dying,  
I'm feeling compromised (feeling compromised)  
and so dehumanized (and so dehumanized)  
I lost my final fight to disease, I feel that this is where it ends  
I need that shot to enter my vein, My Brompton Cocktail blend

'Cause I can't feel my face  
I won't struggle on  
In a world so cold  
In a world so wrong

I'm not running away, been fighting this so long (so long)  
Such a price that we pay, we gotta be so strong - in a lie...

I'm tired, induced euphoria (induced euphoria)  
to help me move along (help me move along)  
I wanna meet my maker in peace, i want to feel alive again  
So put that smile back on my face and mix it strong my friend

'Cause I can't feel my face  
I won't struggle on  
In a world so cold  
In a world so wrong

I'm not running away, been fighting this so long (so long)  
Such a price that we pay, we gotta be so strong  
And I take my life tonight 'cause I have the right to die how I wanna  
and leave how I arrived, so alive

I believe my sins have been forgiven  
and I believe my choice will save me from this life  
please don't question why  
my sins have been forgotten  
I believe I'll find peace in afterlife  
please don't question why - I left this way

'Cause I can't feel my face  
I won't struggle on  
In a world so cold  
In a world so wrong

I'm not running away, been fighting this so long (so long)  
Such a price that we pay, we gotta be so strong  
And I take my life tonight 'cause I have the right to die how I wanna  
and leave how I arrived, so alive
