

# Natural Born Killer

## Avenged Sevenfold

One snap for the dying  
One click to end the day  
Another story with a mangled scene  
It couldn't happen any other way

You wanna talk about it?  
I'm begging you to walk in my shoes any time  
Watch the clock till you unwind  
You wanna cry about it  
It's making me consider that I've lost my mind  
The way I see you must be blind

So this is the world you left behind  
This is the guilt that consumes you

So die alone  
This is the one thing that I won't do  
So say your prayers  
Cause I ain't leaving here without you

Can't bribe me with money  
Can't shower me with shame  
Another killer from a broken home  
Until you cover me with manic fame

You wanna know about it?  
But I'm a be fucking with you every time  
Story broken, you're behind  
And when you ask about it?  
You can rest assured I'll give you my best side  
Seems we all have friends to find

So this is the hate I've been born to  
Full are the tales of the untrue

So die alone  
This is the one thing that I won't do  
So say your prayers  
Cause I ain't leaving here without you

And I'm waiting  
Waiting for the days to slowly pass me by  
(And all the promises I'll find)  
No hesitating, you pull the trigger now your story's left behind  
I know you want to see me fry  
Like my soul, you won't survive

So die alone  
This is the one thing that I won't do  
So say your prayers  
Cause I ain't leaving here without you

To die unknown  
Would crush the fish-lens we all see through  
To kill the glare  
Expose the ugliness we hold true
