

Natural Born Killer

Avenged Sevenfold

One snap for the dying
One click to end the day
Another story with a mangled scene
It couldn't happen any other way

You wanna talk about it?
I'm begging you to walk in my shoes any time
Watch the clock till you unwind
You wanna cry about it
It's making me consider that I've lost my mind
The way I see you must be blind

So this is the world you left behind
This is the guilt that consumes you

So die alone
This is the one thing that I won't do
So say your prayers
Cause I ain't leaving here without you

Can't bribe me with money
Can't shower me with shame
Another killer from a broken home
Until you cover me with manic fame

You wanna know about it?
But I'm a be fucking with you every time
Story broken, you're behind
And when you ask about it?
You can rest assured I'll give you my best side
Seems we all have friends to find

So this is the hate I've been born to
Full are the tales of the untrue

So die alone
This is the one thing that I won't do
So say your prayers
Cause I ain't leaving here without you

And I'm waiting
Waiting for the days to slowly pass me by
(And all the promises I'll find)
No hesitating, you pull the trigger now your story's left behind
I know you want to see me fry
Like my soul, you won't survive

So die alone
This is the one thing that I won't do
So say your prayers
Cause I ain't leaving here without you

To die unknown
Would crush the fish-lens we all see through
To kill the glare
Expose the ugliness we hold true
