Natural Born Killer

Avenged Sevenfold

One snap for the dying One click to end the day Another story with a mangled scene It couldn't happen any other way

You wanna talk about it? I'm begging you to walk in my shoes any time Watch the clock till you unwind You wanna cry about it It's making me consider that I've lost my mind The way I see you must be blind

So this is the world you left behind This is the guilt that consumes you

So die alone This is the one thing that I won't do So say your prayers Cause I ain't leaving here without you

Can't bribe me with money Can't shower me with shame Another killer from a broken home Until you cover me with manic fame

You wanna know about it? But I'm a be fucking with you every time Story broken, you're behind And when you ask about it? You can rest assured I'll give you my best side Seems we all have friends to find

So this is the hate I've been born to Full are the tales of the untrue

So die alone This is the one thing that I won't do So say your prayers Cause I ain't leaving here without you

And I'm waiting Waiting for the days to slowly pass me by (And all the promises I'll find) No hesitating, you pull the trigger now your story's left behind I know you want to see me fry Like my soul, you won't survive

So die alone This is the one thing that I won't do So say your prayers Cause I ain't leaving here without you

To die unknown Would crush the fish-lens we all see through To kill the glare Expose the ugliness we hold true Tištěnoz www.txp.cz
