

# Seize The Day

Avenged Sevenfold

Seize the day or die regretting the time you lost  
It's empty and cold without you here,  
Too many people to ache over  
I see my vision burn,  
I feel my memories fade with time  
But I'm too young to worry  
These streets we travel on  
Will undergo our same lost past  
I found you here, now please just stay for a while  
I can move on with you around  
I hand you my mortal life, but will it be forever?  
I'd do anything for a smile,  
Holding you till our time is done  
We both know the day will come  
But I don't want to leave you  
I see my vision burn,  
I feel my memories fade with time  
But I'm too young to worry  
A melody, a memory, or just one picture  
Seize the day or die regretting the time you lost  
It's empty and cold without you here,  
Too many people to ache over  
Newborn life replacing all of us,  
Changing this fable we live in  
No longer needed here so where do we go?  
Will you take a journey tonight,  
Follow me past the walls of death?  
But girl, what if there is no eternal life?  
I see my vision burn,  
I feel my memories fade with time  
But I'm too young to worry  
A melody, a memory, or just one picture  
Seize the day or die regretting the time you lost  
It's empty and cold without you here,  
Too many people to ache over  
Trials in life, questions of us existing here,  
Don't want to die alone without you here  
Please tell me what we have is real

So, What if I never hold you, yeah,  
Or kiss you lips again? Wooooahh  
So, I never want to leave you  
And the memories for us to see

I beg don't leave me  
Seize the day or die regretting the time you lost  
It's empty and cold without you here,  
Too many people to ache over  
Trials in life, questions of us existing here,  
Don't want to die alone without you here  
Please tell me what we have is real

Silence, you lost me, no chance for one more day
