

## Sidewinder

### Avenged Sevenfold

I slide through the wasteland that's my world  
My hunger takes your life, preyed on to keep me alive, yeah  
Mercy's all that you need, mercy's empty in me

Can't you feel the poison rising out of the morning and clear t  
hrough the night  
You can feel my strength destroy you straight to the heart from  
the venomous bite

That's right I shed my skin tonight but my fangs are hard to hi  
de  
And you know that you're going to die, yeah  
Mercy's all that you need, mercy's empty to me

Can't you feel the poison rising out of the morning and clear t  
hrough the night  
You can feel my strength destroy you straight to the heart from  
the venomous bite  
I can't regret, can't escape decisions made for me, no control  
Fire that burns and never dies, wrapped around I'll bury my fan  
gs inside

Making my way through the night you're still in my sight  
You're running away cause you know you can't hide  
My instincts are cold blooded hate; to you I'm the bearer of fa  
te  
Wrong place and now the wrong time, now terror is all that you'  
ll find

Can't you feel the poison rising straight to the heart of the v  
enomous bite  
Can't you feel the poison rising out of the morning and clear t  
hrough the night  
You can feel my strength destroy you straight to the heart from  
the venomous bite  
I can't regret, can't escape decisions made for me, no control  
Fire that burns and never dies, wrapped around I'll bury my fan  
gs inside

Stay inside tonight - you're out there all alone  
Vanish from my sights - venomous control  
You won't make it right - my appetite has grown  
Lost the final fight - no love will be shown
