

# Tonight The World Dies

Avenged Sevenfold

4x

Lost the meaning of our stay  
Learn to live another day  
Doubt the choices that we've made  
I know that we can't hide our shame  
It's only in disguise

Drowning in our own debris  
Fool our thoughts as though we're free  
lose your eyes so we can see  
The depth of all we mean to be  
If only in my eyes

I don't mind  
Mother cries  
Find me on my better days  
To lose it once again  
In a way

So try and love me while you can  
And take the time to understand  
As long as I can touch your face  
You know I'll never leave this place  
If only in my mind

I don't mind  
Mother cries  
Find me on my better days  
To lose it once again  
But I seem to find no better ways  
To consciously pretend

Silence all I wanna say  
Tendencies to run away  
I run away with you tonight  
Launder all my sins away  
And just like that mistakes are made  
You know tonight the world dies

I don't mind  
Mother cries  
Find me on my better days  
To lose it once again  
But I seem to find no better ways  
To consciously pretend
