

## Feel No Fret

Average White Band

My friend, my good friend  
Don't you look so sad  
I know that you've been cheated  
That's bad - so bad  
But time is too precious  
Why don't you put on that smile  
Forget about loneliness  
If you occupy your time  
then pretty soon you'll

Feel no fret -  
be no weeping no wailing  
Feel no fret -  
be no meaning no groaning  
Feel no fret -  
nothing new that you're owning

My friend, my good friend  
Dry your weeping eyes  
Handle it with courage  
If you hold your head up high  
then pretty soon you'll

Feel no fret  
be no weeping no wailing  
Feel no fret  
be no moaning no groaning  
Feel no fret  
nothing new that you're owning  
Feel no fret

My friend, my good friend  
It's an all time low  
But you can see right through it  
If you hang in tight  
Then pretty soon you'll

Feel no fret  
be no weeping and wailing  
Feel no fret  
be no moaning no groaning  
Feel no fret  
nothing new that you're owning  
Feel no fret
