

# Groovin' The Night Away

Average White Band

We didn't come around here to sit around and mope, no no  
We didn't come around here to sit like this and lookin' bored  
We came down here to party  
That's what we're gonna do  
Groovin' the night away  
Groovin' the night away  
I know that times are tough  
But it ain't here, not tonight, no no  
Get up off your backside  
Got to d it right  
Let's roll up the carpet  
Time to get down  
Groovin' the night away  
Groovin' the night away  
Now that we got started  
Let's keep keepin' on till dawn  
I won't stop until I drop  
Got to get it on  
We came down here to party  
That's what we're goin' do  
Groovin' the night away  
Groovin' the night away
