

## It's A Mystery

Average White Band

When I hear you call my name  
So soft and low  
I get to feel so good  
way down inside of me  
You could have had the choice  
of anyone you want  
I can't understand why you're here  
Right here beside me now, oh baby.

IT'S A MYSTERY  
What you see in me  
I know I got to  
Keep on seeing you  
IT'S a MYSTERY  
What you see in me.

When I speak to you  
Over the telephone  
I just want to be right there  
Beside you, girl  
Cause holding you and loving you  
Is on my mind  
I'm so glad, I'm so glad  
You feel the same way too.
