

# Queen Of My Soul

Average White Band

I've loved you for as long as I remember  
And I know I'll love you all of my life  
I'll try to stay with you  
Oh, yes, I'll try

'Cause you got the power to satisfy me  
But there's always something new about you out of reach, oh

Music, sweet music  
You're the queen of my soul, oh  
Music, sweet music  
You're the queen of my soul

Ah, you're a lady, you're my world  
Come on and speak to me  
Ah, you gotta help me now  
To find the right key

Major to minor  
Keep it in step  
Let me hear, you got to teach me  
Your sweet harmony, oh

Music, sweet music  
You're the queen of my soul, oh  
Music, sweet music  
You're the queen of my soul

All over the world there are so many you have gifted  
And they give me inspiration every day  
You're my way of life, yeah, oh

I know that we will always stay together  
And I will love you strong  
'Cause you've got me flyin'  
On the wings of a song, hey

Look on the floor now, take me higher  
Give it to me one more time and let me pass it on, oh

Music, sweet music  
You're the queen of my soul, woo
