

# Welcome To The Real World

Average White Band

You said love was just a  
Fantasy- nothing you need  
In your life  
That little weakness in  
Humanity you never  
Thought you would try  
In my experience you must  
Agree what all the world's  
Tryin' to find  
Only looking for that special  
Someone to turn the water  
To wine

So wake up, look around  
Time is slippin' through our  
Fingers so fast  
If it's love that you've found  
Welcome to the real world  
At last

Could it be you've had  
A change of heart even if it's  
Hard to admit  
Every day you're getting  
Closer to me, why must  
You try to resist

So wake up, look around  
Time is slippin' through our  
Fingers so fast  
If it's love that you've found  
Welcome to the real world  
At last

Don't get caught up in the  
Things you say  
Let your heart show the  
Way, baby
