

You Shoulda' Known

Average White Band

Heard you doubt my love
But you know me- you
Should know better
I belong to you - an' only
You
Girl you got to know if it's
Up to me we'll be together
For ever and ever - ooh
When another girl even
Looks my way
I let her know that she best
Be on her way
Don't want to spend my
Time, don't want to give my
Love to no - one but you

Girl you shoulda' known I'll
Never let you down
Your heart is my home
You're always on my mind
Girl you shoulda' known
This love is on solid ground
You shoulda' known by the
Look in my eye
You shoulda' known
Shoulda' known baby (2x)

How could you doubt my
Love, you know me - you
Should know better
Darlin I'd be a fool to lose
Your trust
Ain't nothin' in my life, in
This whole world I've come
To treasure
The way I do you
So any time that you feel
Unsure Look in my eyes that's
Where you'll find the truth
I wanna fill you up with all
The love I feel
An' take your worries away

Girl you shoulda' known I'll
Never let you down
Your heart is my home
You're always on my mind
Girl you shoulda' known this
Love is on solid ground
You shoulda' known by the
Look in my eye

And when I met you I got a
Feelin' that we meant to be
-that you were sent just for
Me
And I'm holding on to what

I've found in you.....

Shoulda' known, shoulda'
Known by now..... etc.
