

Go Screw Yourself (GSY)

Avery

Verse 1:

I know I've been holding it in
The way I feel about u
Something I've been dying to say
But I don't know how you'll take it
Oh Please don't go
You should know

PreChorus:

These three words
I've been holding back
Trying to fight
Imma let em out
These three words
gotta let you know
Here I go go go

Chorus:

Go screw yourself
I've had enough yeah
now we're done
Go screw yourself
Not gonna lie yeah
It was fun
But go screw yourself

Verse 2:

Feels good just to get it all out
it's so not overrated
U can't keep puttin me down
And getting away with it
Oh now I know
The way to say

Bridge:

Guess I thought I knew you
Now I know I couldn't have been more wrong
I had a feeling it would go this way
And I waited waited way too long to say
to say These three words
To say these three words
