

Sick Of Hating Your Guts

Avery

Verse:

Used to be the one girl, sneaking through your window
Thought that maybe you were the one
T-shirt with my chucks on, I was just a skater girl
hoping you were somebody else
i was true, i was faithful
you were always looking for the next girl
you had me wrapped around your finger,
but now i got you figured out

Chorus:

You pull me back and forth
im sick of war,
im finally getting over you
i was caught in your masquerade
your love charade
BOY IM SICK OF HATING YOUR GUTS!!!
oh oh oh, oh oh oh, oh oh oh
boy im sick of hating your guts
oh oh oh, oh oh oh, oh oh oh
boy im sick of hating your guts

Verse 2:

Disney got me hoping, for a happy ending,
how stupid was I to believe
woke up to reality, you were just the enemy
captivating me in your scene
i'm always falling for the bad boys,
but you won't catch me on my ass again
you might as well lock up your window,
cauz i ain't ever coming back!!!

Chorus:

You pull me back and forth
im sick of war,
im finally getting over you
i was caught in your masquerade
your love charade
BOY IM SICK OF HATING YOUR GUTS!!!
oh oh oh, oh oh oh, oh oh oh
boy im sick of hating your guts
oh oh oh, oh oh oh, oh oh oh
boy im sick of hating your guts

Bridge:

You ain't no superman, boy you're just the opposite
now i'm fighting back with the strength you gave me
i know your motives, boy don't play no hero
cauz the only one your playing is me

Don't play no hero, boy you're just a zero.
Don't play no hero, d-dont play no hero. (2x)

Chorus:

You pull me back and forth
im sick of war,
im finally getting over you

i was caught in your masquerade
your love charade
BOY IM SICK OF HATING YOUR GUTS!!!
oh oh oh, oh oh oh, oh oh oh
boy im sick of hating your guts
oh oh oh, oh oh oh, oh oh oh
boy im sick of hating your guts
