

# Angels and Demons

Aviators

Did you break your wings  
When you fell from grace  
When you came from heaven  
To this darker place?

Did you watch me fall  
From the clouds on high  
See the glimmer of tears  
Streaming from my eye?

I think I bruised my soul  
Climbing back from hell  
But if you're here to change me  
Then it's just as well

Your scars run deep  
But darling they will fade  
They told me to fear you  
But I'm not afraid

Don't hold back  
We're here right now  
There's nothing left here to keep us out, oh  
As different as  
The day and night  
I'm starting to feel like this is right and  
You're the memory I can't erase  
You're the part of me I can't replace  
You're the angel that loved me somehow  
And you're the demon I can't live without

I'm the crossroads king  
In this wretched land  
You found me a mess  
But I'm a better man

I could see it hidden  
Right from the start  
'Neath your jagged bones  
Was a beating heart

And that heart is yours  
Or what I have left  
So take my secrets  
Take them off my chest

That's why I'm here  
I've been broken too  
So maybe you can fix me  
And I'll fix you

Don't hold back  
We're here right now  
There's nothing left here to keep us out, oh  
As different as  
The day and night  
I'm starting to feel like this is right and

You're the memory I can't erase  
You're the part of me I can't replace  
You're the angel that loved me somehow  
And you're the demon I can't live without

Welcome to my universe  
Touch me now and break my curse  
You'll be mine and I'll be yours  
So let's live life in reverse  
Back to basics, back in time  
Meet you halfway in the sky  
Breaking mirrors, smashing through  
I don't need luck when I'm with you

Eternity can wait  
You're my afterlife  
For once in my existence  
I see the light  
We've got it all, we've got it all  
Right here  
We've got it all, we've got it all  
Right here

Don't hold back  
We're here right now  
There's nothing left here to keep us out, oh  
As different as  
The day and night  
I'm starting to feel like this is right and  
You're the memory I can't erase  
You're the part of me I can't replace  
You're the angel that loved me somehow  
And you're the demon I can't live without  
I can't live without
