Aviators

Just don't care  
Put your hooves in the air  
Girl, let your mane down  
Gonna rock this whole town tonight  
Let it all go tonight  
Won't stop partying on  
We're gonna play our song till the break of dawn  
Play that record all night long

Tonight  
We're gonna let the music play  
Tonight  
We'll let the bad times fade away  
Tonight we'll never let it end  
Tonight  
We're gonna, gonna feel the beat  
Tonight  
Don't stop, come on, feel the heat  
Play that music DJ Pon-3  
Tonight

The melody's right  
Let's dance all night  
We're gonna party like it's the end of the world tonight  
Never gonna stop it tonight  
Don't let the music end  
Play that track again and again  
DJ blast it as loud as you can

Tonight  
We're gonna let the music play  
Tonight  
We'll let the bad times fade away  
Tonight we'll never let it end  
Tonight  
We're gonna, gonna feel the beat  
Tonight  
Don't stop, come on, feel the heat  
Play that music DJ Pon-3

Don't stop  
Let it rock  
Girl, let the bass drop  
Here now  
Play it loud  
Don't you dare turn it down  
Don't look back  
Just react  
20% cooler, ten seconds flat  
On the count of three  
Listen to me  
Rock it DJ Pon-3
