

# Wolves

## Aviators

I have seen the better days  
But now they're far away  
Lost beneath the sand  
I have lost the ones I knew  
And barely made it through  
This broken, barren land

Breathing  
I embrace the feeling  
Of despair that keeps me  
Standing on my own  
I'm no hero  
Starting back at zero  
It's an unfair world so  
To the wolves I'm thrown  
To the wolves I'm thrown

To the wolves I'm thrown

I, the messenger of loss  
Have traveled at a cost  
To save their legacies  
I, the stranger in the wind  
A man of many sins  
Alone with memories

Breathing  
I embrace the feeling  
Of despair that keeps me  
Standing on my own  
I'm no hero  
Starting back at zero  
It's an unfair world so  
To the wolves I'm thrown  
To the wolves I'm thrown

To the wolves I'm thrown

Will we meet again  
Somewhere at the end  
Somewhere far beyond this place  
It's a hopeless cause  
But I'll fight the odds  
For a chance to see your face

Breathing  
I embrace the feeling  
Of despair that keeps me  
Standing on my own  
I'm no hero  
Starting back at zero  
It's an unfair world so  
To the wolves I'm thrown  
To the wolves I'm thrown

To the wolves I'm thrown  
To the wolves I'm thrown

(Standing on my own)  
(To the wolves I'm thrown)
