Fast forward nonstop have to beat the path before us
It was all there .. we have all seen the sights
Never get back to the old school
To the ok .. the new found we are the new born
We come along since that day
We never look back we come long since that day
We come along .. since that day
We never look back .. in the way
.. before us day by day change will come

Don't you know we took a big step forward
Either way .. never get back o the old school
To the old .. we are the new born
We are the new generation
We come along since that day
We never look back we come long since that day
We come along .. since that day
We never look back .. in the way
