

# We Write the Story

Avicii

Justice and Peace and Liberty  
We write the story  
We can fulfil the Legacy  
We write the song  
Welcome a new Enlightenment  
We write the story  
We can re-cast and re-invent  
We write the song

We are humans  
Born free and equal  
On this one earth lies our future  
Reason and conscience  
May they rule the world one day

Justice and Peace and Liberty  
We write the story  
We can fulfil the Legacy  
We write the song

True to the ones who lit the light  
We write the story  
We have a torch to reignite  
We write the song

Welcome a new Enlightenment  
Welcome the glory  
We can re-cast and re-invent  
We can be strong  
We have a choice in everything  
We write the story  
We have a voice and words to sing  
We write the song

We are humans  
Born free and equal  
On this one earth lies our future  
We are keepers  
Reason and conscience  
May they rule the world one day

Justice and Peace and Liberty  
We write the story  
We can fulfil the Legacy  
We write the song

True to the ones who lit the light  
We write the story  
We have a torch to reignite  
We write the song

Welcome a new Enlightenment  
Welcome the glory  
We can re-cast and re-invent  
We can be strong  
We have a choice in everything  
We write the story

We have a voice and words to sing  
We write the song

Free and equal  
Reason and conscience  
We are humans  
We are one
