You said that we would always be Without you I feel lost at sea Through the darkness you'd hide with me Like the wind we'd be wild and free

You
Said you'd follow me anywhere
But your eyes
Tell me you won't be there

I got to learn how to love without you
I got to carry my cross without you
Stuck in the middle and i'm just about to
Figure it out without you
And I'm done sitting home without you
Fuck I'm going out without you
I'm going to tear this city down without you
I'm going Bonnie and Clyde without you

Now I'm running away my dear From myself and the truth I fear My heart is beating I can't see clear How I'm wishing that you were here

You
Said you'd follow me anywhere
But your eyes
Tell me you won't be there

I got to learn how to love without you
I got to carry my cross without you
Stuck in the middle and i'm just about to
Figure it out without you
And I'm done sitting home without you
Fuck I'm going out without you
I'm going to tear this city down without you
I'm going Bonnie and Clyde without you
