

Skin Deep (Adderall)

Avion Roe

In deep and I don't have the heart to tell you
I lost sleep, I'll find time and I'll compel you
You might need a second chance or a better man than me
As far as I can throw you was as far as I can see
And all your friends are coming down like adderall
And after all it's all after the fall

I'm ready to tell you I'm all undone
I'm right here, I'm waiting to run
Why can't we fight ourselves
To break someone

Skin deep and I don't have the guts to tell you
Sharp teeth, yeah that's my life when I'm around you
You might need a second chance or a better man than me
As far as I can tell you never stop to wait for me
Just tell your friends you're coming down like adderall
And after all it's all after the fall

I'm ready to tell you I'm all undone
I'm right here, I'm waiting to run
Why can't we fight ourselves
To break someone

A little bit of time in this disaster
Pick up the pieces and take the last word
All this time and I thought I could be real, but no
A little bit of time in this disaster
Pick up the pieces and take the last word
All this time and I thought I could be

I'm ready to tell you I'm all undone
I'm right here, I'm waiting to run
Why can't we fight ourselves
To break someone
All your friends are coming down like adderall
I'm ready to tell you I'm all undone
I'm right here, I'm waiting
To break someone

To break someone
I don't have the heart to tell you
To break someone
