

Eminence In Putrescence

Avulsed

A realm of sickness - with rotting landscapes
Gory red skies - nauseating air
A hidden hell - for tortured souls
Decomposition - is everywhere

Feeding from souls - of melting corpses
Absorbing power - and evilness
Amorphous being - mighty entity
An eminence - in putrescence

A long deep cave - (its) macabre palace
Bleeding cadavers - instead of walls
Blood, bile, pus - dripping around
Forming the river - of rottenness

Feeding from souls - of melting corpses
Absorbing power - and evilness
Amorphous being - mighty entity
An eminence - in putrescence

A putrid stench - pervade the ambience
Fermenting innards - decomposed limbs

The twisted bodies - screaming in pain
Soulless remnants - left to rot

A realm of sickness - with rotting landscapes
Gory red skies - nauseating air
A hidden hell - for tortured souls
Decomposition - is everywhere

Feeding from souls - of melting corpses
Absorbing power - and evilness
Amorphous being - mighty entity
An eminence - in putrescence
