

## Eminence In Putrescence

Avulsed

A realm of sickness - with rotting landscapes  
Gory red skies - nauseating air  
A hidden hell - for tortured souls  
Decomposition - is everywhere

Feeding from souls - of melting corpses  
Absorbing power - and evilness  
Amorphous being - mighty entity  
An eminence - in putrescence

A long deep cave - (its) macabre palace  
Bleeding cadavers - instead of walls  
Blood, bile, pus - dripping around  
Forming the river - of rottenness

Feeding from souls - of melting corpses  
Absorbing power - and evilness  
Amorphous being - mighty entity  
An eminence - in putrescence

A putrid stench - pervade the ambience  
Fermenting innards - decomposed limbs

The twisted bodies - screaming in pain  
Soulless remnants - left to rot

A realm of sickness - with rotting landscapes  
Gory red skies - nauseating air  
A hidden hell - for tortured souls  
Decomposition - is everywhere

Feeding from souls - of melting corpses  
Absorbing power - and evilness  
Amorphous being - mighty entity  
An eminence - in putrescence
