A realm of sickness - with rotting landscapes Gory red skies - nauseating air A hidden hell - for tortured souls Decomposition - is everywhere

Feeding from souls - of melting corpses Absorbing power - and evilness Amorphous being - mighty entity An eminence - in putrescence

A long deep cave - (its) macabre palace Bleeding cadavers - instead of walls Blood, bile, pus - dripping around Forming the river - of rottenness

Feeding from souls - of melting corpses Absorbing power - and evilness Amorphous being - mighty entity An eminence - in putrescence

A putrid stench - pervade the ambience Fermenting innards - decomposed limbs

The twisted bodies - screaming in pain Soulless remnants - left to rot

A realm of sickness - with rotting landscapes Gory red skies - nauseating air A hidden hell - for tortured souls Decomposition - is everywhere

Feeding from souls - of melting corpses Absorbing power - and evilness Amorphous being - mighty entity An eminence - in putrescence
