

Powdered Flesh

Avulsed

Difficult Storage
Impossible To Conserve
Flesh Is So Corruptible
Freezing Is Not Enough

There Are So Many Victims
Meat Starts To Pile Up
Stench Of Putrefaction
Is Invading My Home

Anxiety For Killing
Is Stronger Than Me
Human Flesh Is So Tasty
I'm Living Tangled In Fucking Gore!!

My Chemical Knowledge
Could Be My Solution
The Key To My Problems
Is Based On Experimentation!!

It Must Be Something Light
Which Doesn't Occupy Space
And Impossible To Rot
Dust!!

Blood!!

Drying Up The Flesh
Through Complex Proceeding
Extracting All Liquids
And Grinding All The Mass

Just Adding Blood
The Freshest Blood!!
The Powdered Flesh
Once Again Fresh!!

Countless Moulds
Millions Of Forma!!
Ready To Eat
Do You Want A Bit??

Difficult Storage
Impossible To Conserve
Flesh Is So Corruptible
Freezing Is Not Enough

There Are So Many Victims
Meat Starts To Pile Up
Stench Of Putrefaction

My Dismembered Bodies
Have Left To Be A Problem For Me
All These Nauseous Odours
Won't Be Anymore!!

This Will Be My Secret
I Won't Share It With No One Else
My Conscience Is Clean
Let All Flesh Rot!!
