If you're feeling like I feel then run your life like it's a dance floor

And if you need a little heat in your face, that's what I'm here for If you're chilling in the dark and you're looking through a telescope You will see me sipping on a soul of a new hope

So burn it down, burn it down
So burn it down, burn it down, yeah
So burn it down, burn it down baby burn it burn it down
Burn it down, burn it down baby burn it burn it down
Burn it down, burn it down baby burn it burn it down
Burn it down, burn it down baby burn it burn it down

If you're feeling like I feel throw your fist through the ceiling Some people call it crazy well I call it healing If you need love turn around, do the helicopter If you're sick, baby girl I would love to be your doctor

So burn it down, burn it down
So burn it down, burn it down, yeah
So burn it down, burn it down baby burn it burn it down
Burn it down, burn it down baby burn it (motherfucker) burn it down
Burn it down, burn it down baby burn it burn it down
Burn it down, burn it down baby burn it burn it down
So burn it down

Looking through a window made of time, would you have the courage not to lie

Looking down the barrel of today, would that make you turn around and stay  $\ensuremath{\mathsf{Stay}}$ 

Looking through a window made of time, would you have the courage not to lie

Down

Burn it down
Hey, burn it down
Burn it down

So burn it down, burn it down baby burn it burn it down Burn it down, burn it down baby burn it burn it down Motherfucker, burn it down, burn it down baby burn it burn it down Burn it down, burn it down baby burn it down

Burn it down

So, burn it down

Burn it down, yeah

So, burn it down, burn it down baby burn it burn it down

Burn it down, burn it down baby burn it (motherfucker) burn it down

Burn it down, burn it down baby burn it burn it down

Burn it down, burn it down baby burn it burn it down

So burn it down
