Wake up

Wake up Wake up Wake up Well it's nice to meet you Do you have a name? 'Cause I would like to teach you, baby Alright If it's unfamiliar When the sharks are swimming We will watch them kill ya, baby Yeah, you I'm a little shocked 'Cause I can see the future Lookin' through your eyes Tonight Don't you fall asleep Don't you fall It's only gonna take a little time

Before we start to lose our minds
We're leavin' all the haters behind
Before the sun decides to hide
I know you think I'm maybe out of line
I'm scared to love what we love most
It's only gonna take a little time
Before we start to lose our minds
Wake
Up

Wake up Well it's nice to know ya Have you learned to fly? 'Cause I would like to show ya, baby Alright If it's unfamiliar When I taste your face Then I can break the mirror, baby Yeah, you I'm afraid to hide 'Cause I can live today Before I say goodbye Tonight Don't you fall asleep Don't you fall It's only gonna take a little time

Before we start to lose our minds
We're leavin' all the haters behind
Before the sun decides to hide
I know you think I'm maybe out of line
I'm scared to love what we love most
It's only gonna take a little time
Before we start to lose our minds
Wake

Take some time to breathe
Let's take some time to breathe
From the desert to the sea
It's the same for you and me
When you say you'd rather bleed
Is it really what you're thinking
Let's take some time to breathe
Out, yeah
It's only gonna take a little time

Before we start to lose our minds
We're leavin' all the haters behind
Before the sun decides to hide
I know you think I'm maybe out of line
I'm scared to love what we love most
It's only gonna take a little time
Before we start to lose our minds
Wake

It's only gonna take a little time

Before the sun decides to hide
(You got to know, you got to know)
I know you think I'm maybe out of line
I'm scared to love what we love most
It's only gonna take a little time
