

# Shadowlands

Axehammer

Dancing round the fire  
To replace a king  
Moving through the darkness  
Like you've never seen

Do you feel it in the night  
Something's moving  
Like a candle burning bright  
Don't let the gloom in  
Oh oh oh oh shadowlands

Spirits all around you  
Taking your breath away  
Moving in to take you  
At the break of day

Can you feel it in the night  
Always moving  
Burn your candle late at night  
They can't get in  
Oh oh oh oh shadowlands

The faces that haunt you  
Coming in the night  
Demons there upon you  
Staying out of sight

Do you see them in the night  
Moving all around you  
Come to take your soul at night  
Don't you let go  
Oh oh oh oh shadowlands
