

# Burning Chains

Axel Rudi Pell

Once upon a time, in a land of the sun  
Soldiers were dying, under the gun

The people were screaming in a place of no return  
With a strike of their hand, they'll make you burn

We know we crossed the line  
Cursed by the spell, runnin' out of time  
Sending shivers down the spine  
Only time will tell, if we'll live or die,  
We'll live or we'll die

Run on the edge of tomorrow, cryin' in the rain  
Whipping burning chains  
Winnin and losing in pain, is the part of the game  
Whipping burning chains  
Burning chains

Taking no prisoners, the mob ruled the world  
The heroes were falling, died by the sword

Getting rid of all the fools, hidin' bodies in the sand  
Heading for tomorrow, to the promised land
