

# High Above

Axel Rudi Pell

On the horizon there's a starlight  
Shining down to the world  
They're hiding faces in the daylight  
Movin' on, like a bird

No believing  
A dream or just a fantasy  
No returnin'  
Heading into tomorrow...far away

Flyin' high above  
Runnin' fast as an arrow  
Flyin' high above  
On the wings of a rainbow

Where the eagle meets the condor  
Through the thunders, wind and rain  
People're sayin' there'll be peace on earth  
All their prayes were not in vain
